

Schwartz Rounds

St Mary's & Western
Eye Hospitals

"I am always struck

by the ability of our team

to cope with the stresses and anxieties
of looking after some of the most distressing
cases -

but actually if you dig a tiny bit

and give people the space, one finds

**a lot of unspoken
sadness."**

Nic brought
together colleagues to
reflect on a year-long
complex case, and
volunteered to start
internal Paediatrics
Rounds.

Nic Alexander
Consultant Paediatric Surgeon
