Celebrating 10 years of Schwartz Round Sat

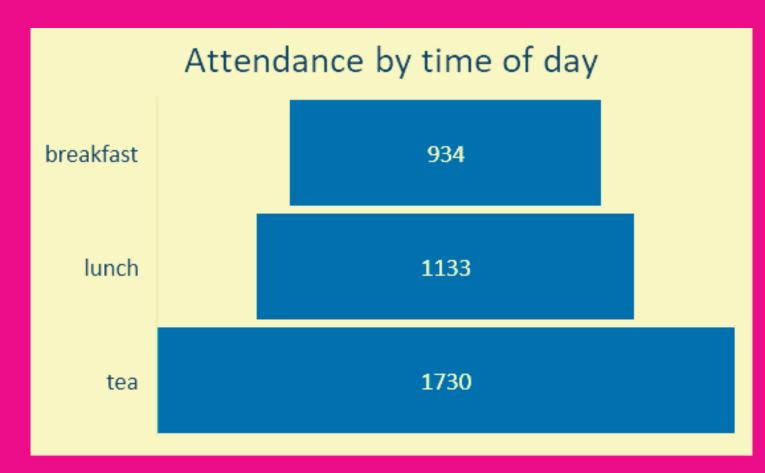

Princess Alice Hospice

To celebrate 10 veaves of Schwartz Rounds we took a look back over the data and thought we'd share our results. Here's to the next 10 years!

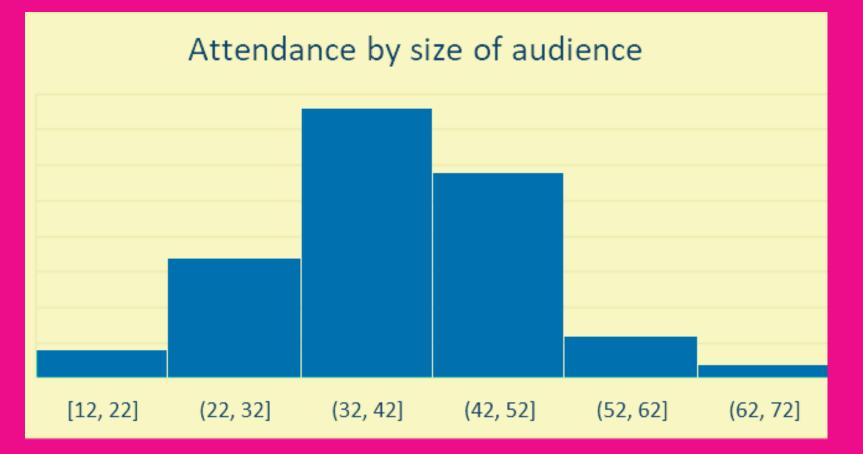

Since 2013, a total of 3707 people have attended the 99 rounds that have been held. Here's what they had to say ...

Our most popular round is at *teatime* ... a chance for all teams to get together to share a cup of tea, slice of cake and take part. We'll use this information to think about the timing of our planned rounds and ensure as many people can some as possible.

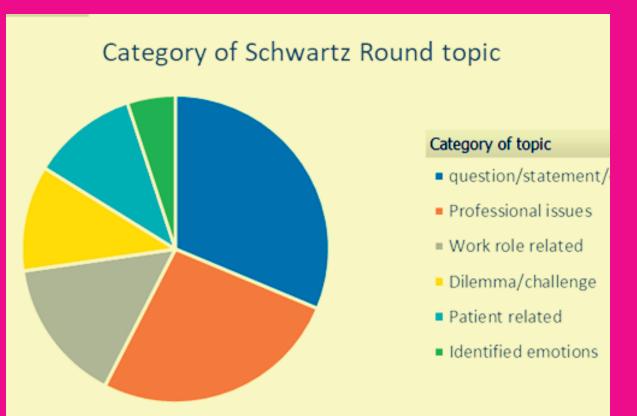

An average of 30 people attend each round. During the Covid-19 pandemic we conducted Schwartz Rounds over Zoom and attendance has remained fairly stable. We now conduct alternating *200M* and Face to Face rounds.

thanks as always

We've covered a huge range of topics and feel there's been a balance across our clinical and non-clinical departments. Topics will continue to

be chosen from audience suggestions, surveys, discussion at Schwartz Steering Group and also selected to support wider awareness campaigns.

Schwartz Rounds are just one of the ways we support staff we leing at Princess Alice Hospice. Together with a weekly wellbeing message and a dedicated page on our Hospice Sharepoint site, staff have access to Clinical Supervision sessions and regular wellbeing activities.. There's also an employee assistance programme and an open, supportive appraoch to managing professional and personal challenges.
